

VALVES

SPRING CHECK - W/FILTER -
BRASS
200 WOG/CWP

FEATURES & APPLICATIONS:

- 200 WOG/CWP
- Cracking Pressure: 0.50 PSI
- Female NPT x Filter

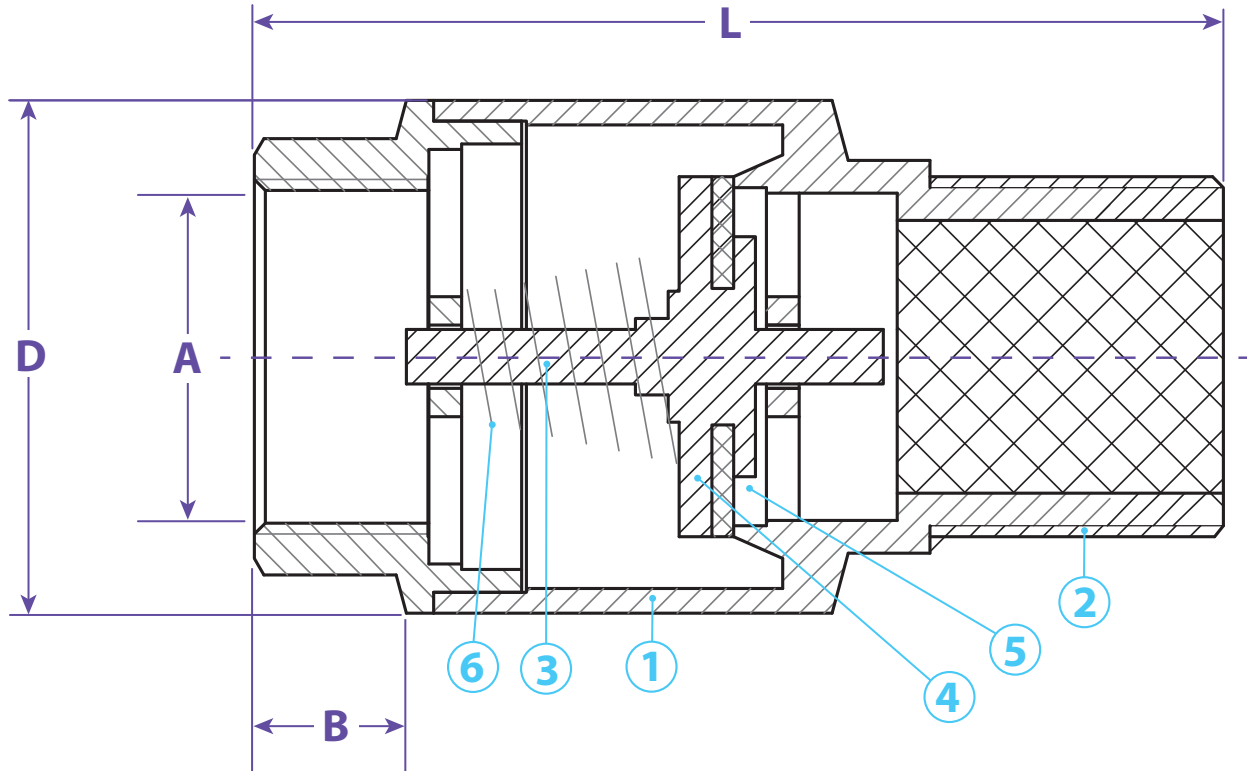

TECHNICAL DATA:

- **WOG** = Rating indicates the maximum non-shock pressure at ambient temperatures at which the valve may be used.
- **CWP** = Cold working pressure

WOG: Water, Oil & Gas: This was an older, generic pressure rating call-out which has been largely replaced by CWP. In this designation, "GAS" refers to any non-flammable, compressible fluid in a gaseous state. It does not imply a product's suitability or third-party approval for use with flammable gases. Similarly, in this designation, "Oil" does not imply a product's third-party approval for use with any petroleum products.

No.	Description	Material
1	Body	Brass
2	Cap & Filter	ABS / 65mm
3	Stem	ABS
4	Sealer	ABS
5	Baffle	NBR
6	Spring	Spring Steel

TITLE **SPRING LOADED CHECK VALVE w/Filter**

DISCLAIMER
WOG: Water, Oil & Gas: This was an older, generic pressure rating call-out which has been largely replaced by CWP. In this designation, GAS^o refers to any non-flammable, compressible fluid in a gaseous state. It does not imply a product's suitability or third-party approval for use with flammable gases. Similarly, in this designation, "Oil" does not imply a product's third-party approval for use with any petroleum products.
